# CONSUMPTION CAN BE CURED

We have the gratifying fact to know that it can be cured with GOOCH'S MEXICAN SYRUP. Toberculous matter is nothing more than nourishment imperfectly expended. Now if we can proceive the place in the system, we can cure the disease. This is just what this syrup does. It at once stops the progress of the disease by preventing the further supply of tuberculous matter, for while the system is induced all nourishment is organized and assembled. It thus controls Gough, Night Sweats, and all other symptoms of Gousempton. Consumption is one of the most loathsome and terrible of all fatal diseases, and makes the life of the poor consumptive a hell on earth. Until recently that terrible disease has been considered an affliction beyond the reach of medicine; but a new era in the management of pulmonary thesess seems to be drawning upon the scientific medicial world, and, since muny distinguished physicians have acknowledged that consumption can be cured few there are show thempt do controvert their opinion. To those singled out as victims to that fatal mindary, we ofter a remedy sure in its results to bring back health to their poor weakened frames and by to the hearts of their foreids.

Consumptives, because all other things tail, believe not that MEXICAN SYRUP will. Not a single softer need perish if he or she will take 6000/H's MEXICAN SYRUP in time. Her parents had a cottle of your Mexican Syrup and Limiment in the house. They at once becam to give the Syrup in doses one hour apart, and frequently bathed her chest with the Limiment.
